

DR. SHYAMA PROSAD MITRA

*Consultant Anesthesiologist at Evercare
Hospital in Dhaka, Bangladesh*

Dr. Shyama Prosad Mitra is a Consultant Anesthesiologist with over 14 years of experience at Evercare Hospital in Dhaka, Bangladesh.

He has developed extensive expertise in anesthesiology and pain medicine. His academic journey includes a Postgraduate Diploma and a Fellowship in Anesthesiology and Pain Medicine, both awarded by the Bangladesh College of Physicians and Surgeons and Bangabandhu Sheikh Mujib Medical University

Dr. Mitra has undergone specialized training in ultrasonography and fluoroscopy-guided pain interventions and nerve blocks at the AESCULAP Academy, enhancing his ability to deliver advanced and comprehensive patient care. His career spans various medical environments, including rural and urban medical college hospitals, university hospitals, specialized 450-bed diabetic hospitals, and corporate healthcare facilities.

For the past 18 years, Dr. Mitra has focused on anesthesia and pain medicine, with a particular interest in acute pain management. He specializes in using ultrasound-guided nerve blocks to improve patient outcomes beyond routine anesthetic practices. In addition to his clinical work, Dr. Mitra has contributed to medical literature with several publications in his field. He is an examiner and journal reviewer for the College of Physicians and Surgeons of Bangladesh and a member of the Royal College of Anesthetists, UK.
