Specialism

I have championed Ultrasound guided regional anaesthesia (USRA) and Point of care ultrasound (POCUS) across India through clinical innovation, research, publication and teaching using didactics, volunteer scanning and simulation.

Professional Experience

Tata Medical Center, Kolkata, WB, India / Senior Consultant, Onco-anaesthesia: January 2013 - present

During my decade at Tata Medical Center, which is a high volume tertiary level cancer hospital in Eastern India, I have developed domain expertise in-

- ❖ Ultrasound guided regional anaesthesia (USRA)
- ❖ Point of Care Ultrasound (POCUS)
- ❖ Anaesthesia for head & neck, HPB, thoracic, HIPEC surgery
- ❖ Difficult airway management

Medical College, Kolkata / Assistant Professor, Anaesthesia

February 2010 - January 2013, Kolkata, WB, India

During my tenure at the Medical College I focussed on-

- ❖ Medical education
 - ❖ Paediatric anaesthesia
-

Education

National University Hospital Singapore/ Clinical Fellowship

July 2012 - Jan 2013, Singapore

Moti Lal Nehru Medical College / MD Anaesthesiology

June 2006 - June 2009, Allahabad, UP, India

Nil Ratan Sircar Medical College / MBBS

August 1998 - Sept 2003, Kolkata, India

Research and Publications

ORCID : 0000-0002-0069-700X

[Google Scholar](#)

I have authored 7 original articles, 1 education article, 4 review articles, 3 letters to the editor and 8 case reports in leading journals including *Anesthesia & analgesia*, *RAPM*, *Anaesthesia*, *Indian Journal of Anaesthesia* etc. I have also co-authored 12 book chapters. My publications have overall 451+ citations. ([google scholar link](#)) One original article and three book chapters are under submission. The details have been submitted as an appendix.

Books: Editor of:

1. *Blockmate: A Practical Guide for Ultrasound Guided Regional Anaesthesia* ISBN 978-981-15-9202-7
2. *Prehabilitation for Cancer Surgery* ISBN: 978-981-16-6494-6
3. *A Practical Guide to Point of Care ultrasound (POCUS)* ISBN: 978-981-16-7687-1

Blockmate has been translated in Mandarin and Turkish.

Ongoing research: Currently I am heading three research protocols, all registered with the Clinical Trials Registry of India.

Experience in editorial role

I have co-edited three international text books of anaesthesia. On these projects, I have worked with authors from Europe, North America and Asia. I have contract of three more books that I am co-editor of.

I am presently serving as Associate editor of-

1. International Journal of Regional Anaesthesia
2. Journal of Indian Association of Paediatric Surgeons
3. East and North Supplement of Indian Journal of Anaesthesia

I serve as peer reviewer for many journals, notably-

1. Anaesthesia and analgesia
2. Indian Journal of Anaesthesia
3. Annals of Medicine (Singapore Medical Association)
4. Journal of Indian Association of Paediatric Surgeons

About me

I see opportunity in challenges, think out of the box and use creativity to find cogent solutions. I am inquisitive, creative and an eternal optimist, who believes that the best is yet to come.
